1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Adan Ayala on July 18, 2001.

The application has been amended as follows:

Claim 1, line 2, --a front and back wall and-- is placed after "comprising";

Claim 35, line 2, --a front and back wall and-- is placed after "and".

2. The following is an examiner's statement of reasons for allowance: the above changes were made to the claims to avoid a 35 USC 112 second paragraph rejection because only the side walls have the latching mechanism disposed thereon. The front and back walls do not include the said mechanism.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
